Company LCM sp. z o. o. (Ltd) was created in 2013 through the transformation of LCM LOGISTIC CONSTRUCTIONS MONTAGE Company operating in this industry for many years.

Our experience and constant pursuit of perfection enable us to offer a wide range of services at the highest level.

Professionally qualified teams of installers employed at LCM sp. z o.o. are capable to meet all challenges in assembling, disassembling and reconstructing of different types of storage racks. It also includes comprehensive service as well as technical inspection of a warehouse. We undertake both, standard projects and special ones, including those with a large number of innovations and technological novelties. Our services may be characterised as reliable, flexible and innovative with paying the attention to meeting order deadlines.

Aiming at safety and the highest work quality, our employees have all permissions required by law (height examinations, permission to operate mobile platforms and forklifts). They also work in compliance with health and safety regulations necessary during installations and at works at height.
