BK SIATMET Bogdan Koper is a family company active on metal market since 1986.

We have achieved a long-standing experience in manufacturing wire and wire products.

We make:

- Welded reinforcement mesh (reinforcement mats)
- Fibre reinforcement for concrete
- Fence panels: galvanized, galvanized and powder-coated
- Galvanized and PVC-coated mesh
- Wires: galvanized, PVC-coated, mild annealed, semi-hard black

We manufacture these products in standard sizes and according to the individual demands of our customers after customization. We guarantee short-term supplies of the ordered products.
